TRIADE MINI

TRIADE MINI is the concealed mounting bracket for shelves 25 mm thick. It has been conceived to simplify the shelf installation. It is provided with three indipendent adjustments:

1) VERTICAL

Before installing the shelf, the mounting brackets can be adjusted in height and (vertically) aligned through the slots.

2) HORIZONTAL

While placing the shelf in position, the supporting pins can be slided horizontally.

3) INCLINATION

When the shelf is partially inserted, the shelf angle can be adjusted front to back by turning the supporting pins with a 12mm open-ended wrench.

The capacity loading is 4,5Kg each (shelf weight included) for a shelf max 200mm deep.

Shelf minimum depth: 165mm

Zinc alloy and steel

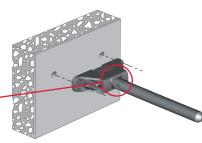

INSTALLATION AND ADJUSTMENTS

WOOD PANEL VERY IMPORTANT Triade Mini has to be installed with the arrow facing upwards. Recommended fixing pan head

SOLID AND PLASTERBOARD PANEL

It is the responsability of the customer:

- to ensure the wall is of a suitable quality to hold the shelf fixing in place.
- to use the proper hardware fittings according to the construction of the wall.

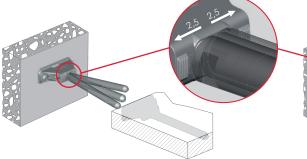

For more specific information, please refer to the WARNINGS section at the end of the catalogue.

DRILL BIT FOR TRIADE MINI

TRIADE MINI AND BRACKET

BRACKET FOR TRIADE MINI with pin Ø 8mm is a valid complement to the concealed shelf support Triade Mini for shelves 25mm thick.

It is strongly recommended to be used in combination with the Triade Mini for shelves over 200mm deep, in order to improve the shelf support capacity loading, by evenly distributing the shelf load on the wall through a pin.

The Ø 8mm pin allows to reduce the load taken by the two fixing screws.

The capacity loading is 10Kg each (shelf weight included) for a shelf max 300mm

Shelf minimum depth: 165mm

Zinc alloy and steel

INSTALLATION

SOLID AND PLASTERBOARD PANEL VERY IMPORTANT Triade Mini has to be installed with the arrow facing upwards. recommended fixing pan head screw M5x12 mm

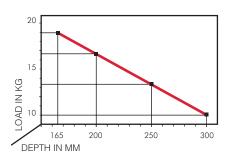

It is the responsability of the customer:

VERY IMPORTANT

- The capacity loading data stated in the chart refers to Triade Mini used in combination with the related wall bracket.
- It is strongly recommended to use the triade mini in combination with the related wall bracket, otherwise Italiana Ferramenta will not be held responsible for any failure.
